

TELL ME ABOUT YOURSELF

My name is Beesetti Saikumar . I was born and raised in Visakhapatnam since childhood. I was currently pursuing a **Bachelor of Commerce** from Andhra University located in Visakhapatnam. I have also enrolled for the **Data Science** course from **Edyoda** digital university and accomplished **Python certification** and looking forward to completing my data science certification.

During the course, I have done a **Food ordering app** and a **Game rental app** which is python based code, and I am also working on my other skills like DSA, SQL, and Machine Learning as well.

As a fresher, I was currently looking forward to a good opportunity, where can I improve my skills to fittest as a software developer
